WORK EXPERIENCE

Software Developer Intern
Prosper IT Consulting

September 2023 │ Portland, OR

- Two week sprint using Agile/SCRUM methodologies.
- Used Visual Studio for coding, Azure for source control, used Discord for daily stand-ups and other communication.
- Developed front and back end for a local theater's website. Used ASP.NET and MVC for framework incorporating Entity Framework for databases.
- Styled and added functionality using CSHTML, Razor, CSS, JavaScript, and jQuery.

Audiobook Editor
John Marshall Media

August 2021 - May 2022 │ Portland, OR (remote)

- Audio editor for commercial audiobooks.
- Used Reaper to fix timing and spacing issues, remove noises, fix reader errors.
- Used Microsoft Teams for communication.

Music Grader
WeLocalize, Inc.

February 2019 - June 2021 │ Portland, OR (hybrid)

- QA and lyric transcription for Apple Music.
- Did research, used trusted resources to transcribe and edit lyrics
- Used Slack for communication when remote work as needed.
